SUMMARY

Driven University of San Carlos student and aspiring Application Developer with hands-on experience building full-stack websites and applications. Experienced in developing both frontend interfaces and backend functionality through numerous projects, with a strong interest in creating practical, user-focused software solutions. Passionate about learning new technologies, solving problems through code, and eager to learn from experienced professionals, expand my technical skills, and gain real-world industry experience as I grow into a well-rounded software developer.

EXPERIENCE

Accounts Receivable Assistant Present

E.H Connection – iGrey Connect — Cebu, Philippines

- Verify customer payments and reference numbers, then record and maintain accurate payment data in financial tracking sheets for management review.

Sales & Cash Reconciliation Assistant Present

E.H Internet Cafe — Cebu, Philippines

- Count daily sales and reconcile them against staff cash remittances, reporting discrepancies and maintaining accurate financial records for owner review.

SELECTED PROJECTS

Schedly — Trip Planning App Mobile App

Full-stack developer

- Built a mobile trip-planning app for organizing activities, tracking budgets, and setting departure reminders.
- Worked across the full stack: Flutter frontend with Supabase for backend, auth, and data; added map integration (flutter_map, OpenStreetMap) and local push notifications.

Personal Best Records — Running Tracker Web App

Full-stack developer, solo project

- First-ever website project, built to practice CRUD operations, database management, authentication, and deployment; still under active development.

Financy — Allowance & Budget Tracker Web App

Backend developer, team project

- Built a website for tracking allowance and personal budgeting; worked on the backend as part of a team.

EDUCATION

University of San Carlos

BS Information Technology — Cebu, Philippines

- Dean's Lister — GPA 1.4 (1.0 is the highest).

CERTIFICATIONS

- Containerization and Virtualization Concepts — Course Completion, 2026
- Introduction to Kubernetes — Course Completion, 2026
- Intermediate Docker — Course Completion, 2026
- Introduction to Docker — Course Completion, 2026
- Gen AI Fundamentals & Technology at Work — Skills to Succeed Academy, Accenture, 2025
